

Furness Green Partnership
Building Services and Environmental Engineering Consultants

Quality Policy Statement

Furness Green provide a building services engineering consultancy service, focused on technical excellence and project delivery and we are committed to the personal involvement of the Directors throughout the life of every project.

Our services to our clients are performed in a manner that satisfies their and any other relevant interested parties needs, expectations, and other legal applicable requirements. We are focussed on building relationships with our clients and are committed to pursuing a process of continual improvement.

To achieve these aims the Directors of Furness Green are committed to the operation of an effective quality management system which will be clear, logical and as simple as possible while allowing us to achieve client satisfaction in our work.

We will ensure that our quality management system complies with and is independently certified to ISO 9001.

Our company will constantly review and improve on our services to ensure all activities are undertaken in the most efficient and timely manner.

The Directors are responsible for ensuring that all staff within the organisation understand and comply with the requirements of the Quality Management Systems.

The Directors will undertake to review the quality management system annually to reassess and set appropriate objectives.
